Phones Seen For By St. Louis By 1957

Telephone service is expected to be in Bay St. Louis by the fall of 1957 according to plans announced yesterday by Southern Bell Telephone and Telegraph Co. It is expected that Bay St. Louis conversion to dial will be about the same time as the conversion of Pass Christian.

Plans to build a new telephone exchange building to house the equipment will be located at 106 St. Louis, according to Manager C. Dabney of Gulfport. The telephone dial patrons will be called by the company's policy to modify the existing telephone dial to a dial unit.

Present plans, each Bay St. Louis will dial seven times a call. Each number will be a five digit number. For example, a person dialing 1-0-0-0-0-0-0, Bay St. Louis advance to dial will use one of the company's developments known as a non-attended dial system.

There has been some question as to what effect this change will have on the toll free or extended scope service now in effect, Dabney revealed. "This new dial system will enable subscribers in Bay St. Louis to reach subscribers in Pass Christian or Logtown simply dialing a key number which will give them the desired change, then dial the subscriber number with whom they desire to talk."

Bay St. Louis subscribers wishing to place a long distance call will dial the digit "0" which will connect them with the Gulfport operator who will then place the call to the distant point.

SCOUTS TO OBSERVE JULIETTE LOWE'S BIRTHDAY

On Friday, Oct. 28, the Girl Scouts of Bay St. Louis will celebrate Juliette Lowe's birthday with a program and tea. Guest speaker for the occasion will be John del Carmen, who will give slides and speak about the careers of the people in Central America.

Mrs. del Carmen's daughters will be dressed in costume—one representing a Guatemalan Indian and another representing a Nicaraguan girl.

The tea will be held in the Youth Center from 3:30 until 5 p.m.

Two intermediate scout troops moved outings this past week. Mrs. Farley Day's troop enjoyed a marshmallow roast on the beach, and Mrs. J. J. O'Neal planned a "cook-out" with her troop.

John Bryant, former Bay St. Louis resident, and Allen Johnson were among the many Orleanians on the Coast for the weekend. The two young men were at the Johnson home on Park St., and spent their time fishing.

YOUTH CENTER GAINS \$291.00 THIS WEEK

The lagging Youth Center fund drive, which during the first three weeks netted only \$45, started to roll this week as \$291 in donations swelled the fund. However, the fund is still woefully short of the \$1500 needed if the youth center is to continue to provide recreation to Bay St. Louis teenagers, Fund Drive Chairman Walter Gex declared.

"Regardless of the amount you may be able to contribute to this project, contributions from all persons are needed," Gex said. "The facilities an recreation provided are of the greatest value to the youth of the community, and the Youth Center should be supported by all."

Mrs. George Seuzeneau, publicity chairman of the Mothers Club, requested that members of the club meet in front of Our Lady of the Gulf Church, Sunday, Oct. 30 at 1:30 p.m. so that they may participate in a body in the parade honoring Christ the King.

Trick or Treat to Aid Foreign Kids

Six hundred million children of the world may be saved from malnutrition and disease by funds which will be collected on Halloween night by the children who will represent UNICEF (Children's Fund).

Sponsored by the United Council of Church Women of America, and locally under the guidance of the Methodist and Episcopal Churches, these children will call between the hours of 5 and 7 p.m. on Monday evening, Oct. 31. They will be distinguished by orange and white bands and will carry orange colored containers to drop money into. All children will travel in groups and will be chaperoned by an adult. No child from tuberculosis in house will be solicited by more than one group, as the town has been divided into areas. After seven o'clock the arm bands and containers will be collected by adults and the drive will be completed.

Did you know that the price of one candy bar will save a child from tuberculosis in Chile?

Did you know that the price of one bottle of Coca-Cola will buy ten bowls of rice in India?

These are facts gathered for your information by UNICEF. The change which you will give to the little hobo and witch who call on Halloween will purchase vast quantities of the drastically needed foods and medicines for children less fortunate than our own.

MONDAY AUTO TAG DEADLINE

Monday will be the deadline for purchasing 1956 auto and truck tags without paying a 25 per cent penalty, Sheriff John Egloff warned yesterday.

He said his deputies will check all out-of-state tags, and those who are using such tags on vehicles and residing in the county will have to purchase Mississippi licenses.

The Sheriff's Office will remain open tonight from 7 until 9 o'clock to allow persons who are unable to buy their tags during the day to purchase them before the deadline.

The sale of tags is still lagging, the sheriff said, and the rush for last minute purchases probably will be very great this year.

SJA HOMECOMING HELD OCTOBER 16

The sixth observance of the Homecoming Day of the SJA Alumnae was held Sunday, Oct. 16 at the Convent of St. Joseph. Mrs. Ben Hille, president of the Alumnae, reports an extremely large attendance with a number of visiting Mothers from out-of-state schools present. Present also were, according to Mrs. Hille, about 10 Sisters of St. Joseph who are alumnae of this convent.

Following luncheon which was served in the refectory of the school, a brief business meeting was held. The project for the year will be the completion of stage lighting and flood lights for the gymnasium. In the latter part of November the Alumnae will give its regular picture show afternoon, which is one of the methods used to raise funds for the project.

The classes of 1929 and 1942 tied for attendance. Mrs. Mathilda Beyer received the gift for being the eldest alumna present. Miss Mary Staehle drew the lucky number to win the entrance prize.

SSC DEADLOCKS DE LA SALLE 7-7 IN HOMECOMING TILT

By TEDDY STECHMANN JR.
 The St. Stanislaus Rockchaws surprised an almost sellout Homecoming Day crowd by deadlocking the heavily favored De LaSalle Cavaliers to a 7-7 tie at the Rockchaw Stadium Sunday, Oct. 23.

Opening the gala Homecoming and Dad's Day activities was a giant pep rally at the SSC school grounds Saturday, Oct. 22.

At the rally the traditional football dummy was burned to the delight of everyone attending.

Sunday morning the Stanislaus campus was the scene of decorating and preparing for the annual football game at Stanislaus Stadium at 2:30 in the afternoon. Participating in the game were

the St. Stanislaus Rockchaws of Bay St. Louis and the De LaSalle Cavaliers of New Orleans. The Rockchaws received the opening kickoff and immediately took the offensive.

They succeeded in carrying the ball up to the Cavalier 20, but fumbled and lost the ball. De LaSalle fought hard, but were unable to penetrate the Rock defense. They were forced to kick, and as the 1st quarter ended, Stanislaus had control of the ball.

Early in the second quarter, Mitchell DeQuir, hefty fullback for the Rockchaws, took a hand-off from quarterback Kenny Artigues, broke through the Cavalier defense, and scampered 51 yards for the first score of the game. Kenny Artigues connected and the Rocks had a 7-0 lead.

However, it was short lived, for the Cavaliers bounced back to tally with a 20-yard pass play to end E. Germillion. Germillion kicked the all-important PAT, which tied the score, 7-7, at the close of the first half.

Comprising halftime activities were selections by both the Rockchaw and Cavalier bands, followed by the presentation of the Homecoming Queen, Miss Eleanor Krieger, and her court. She was presented a bouquet of roses by Ben Hille, president of the Stanislaus Student Club.

In the second half of play, the ball changed hands many times, with neither team able to take the offensive very long. However, in the last quarter, the Cavaliers threatened to score. They moved the ball within the Rockchaws 15 yard stripe 3 consecutive times, but were unable to score. The Rocks held them on a terrific goal line stand. When the Rocks took over, they were on the Cavaliers' 6 yard line. Billy Rhodes, Rock halfback, almost converted again as he broke away for 15 yards before being hauled down.

But before they could score the whistle blew, ending one of the most spectacular games ever played in the Rockchaw Stadium.

CONQUEROR STEEL

rows and mission bells forged the beginning of the Golden State as told in "Seven Cities of Gold," Twentieth Century-Fox's new CinemaScope outdoor drama Sunday, Monday and Tuesday at the Star Theatre.

The De Luxe color film, produced by Robert D. Webb and Barbara McLean, tells of the historic Spanish expedition that set out from Mexico City for El Dorado, the gold of the Indies, for the glory of Spain. Numbered among the ruthless, plundering army is an humble, lone Franciscan monk, Father Junipero Serra, who has built but a single aim to spread the word of God among the hostile Indians of the Pacific Coast. The intense rivalry between these two forces a series of remarkable incidents to win their way north creates of taut drama softened fleetingly by the poignant love story of an Indian maid for one of the proud Spanish officers.

TOTAL WOOL HARVEST SHIPPED TO BOSTON
Total production of wool in the Southeast Mississippi area this year, four carloads, was shipped to Boston. The production of wool, which was once a substantial source of income to Southeast Mississippi farmers, is reported on the increase in that area. Sheepowners report that manufacturers like the wool produced in this section of the country because it has already shrunk much more than will produced in other sections. Lamb production for slaughter is also reported to be increasing. Hampshire and Corriedale sheep are being introduced to flocks with an eye to increased production in a practically forgotten industry, according to sheep raisers.

WAVELAND, MISSISSIPPI

Members of Blue Key and ODK, campus honor societies, and representatives of the Student Association will meet incoming delegations to welcome them to the campus and direct bus drivers to parking areas. The five schools of the college will hold open house until noon and guides will show the high school visitors through the various departments. Band director W. Thomas West said visiting high school band members will meet for a rehearsal at 10:00 a.m. at the baseball field to prepare for the halftime show that afternoon. A pregame ceremony in honor of the visitors will include a short welcome address by President Ben Hilburn, and a performance by the drill team of Seaboard and Blade, honorary military society. William Hollingsworth, coordinator of student affairs and chairman in charge of arrangements for High School Day, said interest shown in the annual event by high school officials is the greatest in recent years.

SOUTHERN B SQUAD TO MEET FLORIDA STATE B'S
While the varsity takes a well-earned rest, Mississippi Southern's freshman-B squad tangles with a similar outfit from Florida State University this week. The game will be played at 8 o'clock Saturday night on neutral ground in Panama City, Fla. Southern's "Pride of Mississippi Marching Band" and Dixie Darlings will appear at halftime of the contest, as guests of the Panama City Quarterback Club, sponsor of the game. The varsity added its fifth victory last week, beating Memphis State 34-14 at Memphis.

About 43,846,150 income tax returns were filed correctly this year. are tendered to candidates who successfully complete a ten week training class after graduation from college. Aviation OCC graduates are assigned to flight training immediately upon being commissioned. Mid-term graduates are now being enrolled for classes convening in January and March 1956. Ground officers are assigned to the Officers' Basic School for five additional months of instruction. Many officers then receive special training in various fields, including artillery, infantry, tracked vehicles, supply engineering and others.

Prospects Look Good For Boys' And Girls' Basketball
Beginning November 21 Coach Donald Caldwell will face one of the toughest jobs of his career. That job is molding a basketball squad with only one returning letterman from last year. Gone are eight boys from last year's team which won 20 and lost 4. The lone member returning from last year's A team is Tommy Holden, senior, at guard position. Those who will be missed most are Donald Cole, guard, Charles Moran, center, Billy Breland, forward, and Kent Sellier, forward. These outstanding players are now students throughout Southern colleges. Donald Cole is attending Mississippi Southern. Charles Moran and Billy Breland are at Pearl River College, and Kent Sellier is at Mississippi Southern on an athletic scholarship. This year Coach Caldwell will try to rebuild with the younger boys returning from last year's B team. These include Bobby Boudin, senior, Wayne Alliston, Tommy Karl and Henry Monti, juniors; Gerald Dorr, Grady Perkins and Denny Necaise, sophomores. Most promising freshmen appear to be Melvin Barnes and James Ginn. These boys were all county in the eighth grade. They played last year for Logtown and Bay High respectively. One transfer student, Dewitt Kennedy, who played B team ball at Picayune High School last year, looks promising, according to Coach. "It is rather difficult to say

at this early date just how our girls' basketball team will perform this year, considering the girls we have returning from last year and the freshmen we have coming on," stated Coach Donald Caldwell as he viewed the basketball prospects for the year. "I think by mid-season we should be as good or better than last year. We will probably find it difficult to repeat our 20 wins and 5 loss record of last year due to the fact that there are several outstanding teams in this vicinity. "We have nine girls returning from last year's squad, but I have an idea that some of these are going to have a hard time making the team due to the influx of several promising freshmen from Bay High, Lakeshore and Logtown. The two girls who will be missed most from last year are Rosemary Millinery and Darling Normand, who were graduated. The three girls who will form a nucleus for this year's team are Connie Ripple, Annie Merle Holden and Eleanor Bufkin. These girls are all proven performers from last year. Also returning from last year's squad are Peggy Smith, Glenda Reed, Carol Hobbs, Marguerite Randolph, Evelyn Ladner and Marjo Breland. A few of the outstanding freshmen that are expected to make good this year are Catherine Alliston, Mary Henderson, Laura Elma Kennedy and Geraldine Dawsey. Others hopeful of making the team are Bertie Dawsey, Opal Lee, Helen Blackwell, Paula Kimbrell, Millie Usher, Barbara Bennett, Margie Green, Pat Smith, Ruby LaFrance, Alice Maurigi, Dianne Stoufflet, Harriet Ward and Clea Kay Miller. —Bay High Student Prints.

SEAFOOR CATCH RISES ON STATE GULF COAST
Present trends indicate a bumper catch of seafoods on the Mississippi Gulf Coast this year, according to a recent survey of fisheries and state agencies. In the year ending July 1954, 209,144 barrels of oysters and 64,795 barrels of shrimp were caught. In the year ending July 1955, 235,601 barrels of oysters have been caught while the shrimp harvest has reached only 62,892 barrels. The tennis courts of an Iowa high school joined the grounds of the rectory of a church. Occasionally, exuberant youngsters whammed the tennis ball over the fence onto the trim lawns. The courts had been in use only a few weeks when a player, chasing a stray ball, came face to face with a large sign on the rectory grounds, which read: "No trespassing." The sign came down overnight, however, when the tennis club erected its own sign directly opposite. This one read: Forgive Us Our Trespasses. About 620,000,000 acres of forest land will not be set on fire by careless smokers and picnickers. Most of the time, 15,720,000 organized workers are not on strike.

Orchards

Late October is the time to treat peach trees with ethylene dichloride, provided they were not treated earlier with the DDT spray.

Farmers who sprayed with the DDT solution in August and September should repeat the treatment.

Trees that were treated with DDT should be checked now and those which show signs of borers should be treated with the ethylene dichloride.

For directions on mixing and applying this treatment, see your local county agent.

Late October and early November are recommended times to set new strawberry plants. Ten days before planting, apply six to eight pounds of 6-8-8 or equivalent fertilizer to each 100 feet of row. Mix thoroughly with the soil.

Set plants one foot apart in three to three and a half foot beds.

Recommended varieties for Hancock County are: Klondike, Konyor or Klondike.

Protect Irrigation Equipment

Proper storage will lengthen the life of irrigation equipment, so take care of yours.

Before putting it away for the winter, inspect it thoroughly for damage. Replace or repair damaged parts now so that the equipment will be ready for action when you need it next spring.

Do not leave the sprinkler heads on while in storage. They are easily damaged in storage. Remove them from pipes, check for wear, and replace them in boxes or bins. Too, pipes are easier to store with the sprinkler heads and risers removed.

It is best to store the pipes indoors in a dry, well-ventilated place. However, outdoor storage is satisfactory if the pipes are separated by wooden spacers that allow air to circulate freely about each pipe. The pipes should be at least six inches above the ground and tilted slightly for drainage.

Cattle Lice

Cattle lice can cost you money. They retard the growth of calves, reduce gains on fatted animals and lower milk production in dairy cattle.

In many cases, especially where backrubbers were kept saturated all summer with insecticide and oil, lice infestations are likely to

Public Invited To National Affairs Forum November 10th

The general public is invited to attend and participate in the fifth statewide national affairs forum in Jackson on November 10th. The forum will be held in the Central High School Auditorium, just across the street from the Robert E. Lee Hotel, beginning at 1:45 p.m.

Former Governor Herman Talmadge of Georgia, famed for his wit and love for southern traditions, will keynote the forum. Fred B. Smith, Ripley attorney and MEC vice-president, will moderate the question and answer period. Members of the

panel will be the state's congressional delegation: Senators James O. Eastland and John C. Stennis, and Congressmen Thomas G. Abernethy, William Colmer, Frank Smith, Jamie L. Whitten, John Bell Williams, and Arthur Winstead.

The free forum, promoted in the interest of understanding national problems and issues, attracts leaders from over the entire state. The MEC national affairs committee is headed by Conwell Sykes, Greenville banker. Oscar O. Wolfe, Jr., of Duncan, is chairman of the forum committee.

NAMED 'TOPS' BY TEACHERS

Ginn and Henderson are Rated 'Super' In BHS Faculty Vote

Mary Henderson and James Ginn, freshmen, were voted "tops" on teachers' list. They were also voted outstanding eighth graders last year.

"Don't be so silly, you know someone else got it!" was Mary's remark when she got the honor of being one of the "tops" in her class. Mary is five feet, eight blue eyes. She was born in Sioux Falls, South Dakota, September 22, 1941.

Her favorite sport is basketball. Her best liked subject is mathematics, taught by Coach Donald Caldwell. Her favorite movie star is Tab Hunter (sigh). She likes the song "Edna" by the Medallions, which she hears on her favorite radio program, "Jack the Cat."

Her aim in life is to get her inches tall, has brown hair and Doctor's Degree at Mississippi Southern. She wants to be a dietitian.

"O-o-o!" in a high-toned voice was heard from James Ginn when he was given the news that he was chosen one of the "top" freshmen.

James was born on June 8, 1941, in Meridian, Mississippi, green eyes. His favorite song is "Song of a Dreamer," by Eddie "Bunk" Mann. He has brown hair and is five feet, five inches tall. His favorite subject is mathematics, with Coach Donald Caldwell as his teacher. Basketball, also taught by Coach Caldwell, is James' favorite sport among his many activities.

James' ambition is to be a foot ball coach, and hopes to get his degree in physical education at Ole Miss University.

LADNER-DEPREO WEDDING VOWS ARE EXCHANGED AT KILN

Miss Yvonne Elizabeth Depreo, daughter of Mr. and Mrs. Oleaso Depreo, Kiln, and S. Sgt. Michael Ladner, son of Mr. and Mrs. Frank Ladner of Kiln, were married Sunday afternoon at 3 o'clock in the Church of Annunciation in Kiln with the pastor, Father Martin, officiating at the double ring ceremony.

Floor and Altar baskets of white gladioli and pom-pom chrysanthemums and palms decorated the altar which was lighter with white candles.

Proceeding the ceremony, Donald Mauffray sang Schubert's "Ave Maria," accompanied at the organ by Prof. Jos. Hemmersbach. Professor Hemmersbach played the traditional wedding marches for the processional and recessional.

Given in marriage by her father, the bride wore a wedding gown of white Chantilly lace and tulle over satin. The fitted bodice of lace and long fitted skirt featured appliques of lace on nylon tulle over satin. Her fingertip veil of illusion was held in place by a lace Juliet cap edged in seed pearls and she carried a cascade bouquet of white Fugi chrysanthemums.

She had as her maid of honor Miss Marlene Egloff, Bay St. Louis, and as bridesmaid, Miss Marjorie Hager, Gulfport.

The groom had as his best man J. W. Olson, Kiln, and as groomsmen, Larry Hanover, Kiln, Michele Oschner and Barry Cuevas served the couple as flower girl and ring bearer.

After the ceremony a reception was held in the home of the bride's in Kiln with the parents of the wedding couple assisting in receiving.

The bride's table was covered with a lace tablecloth centered with a square, four-tiered wedding cake topped with a miniature bride and groom. White gladioli and fern encircled the cake.

Late in the evening, Mr. and Mrs. Ladner left on a wedding trip to Florida and upon their return to Kiln, they will be joined by their friends and relatives.

ROMAN SIDEBOARD SUPPER

Mr. and Mrs. Paul Gaudes were entertained in an unusual and spectacular manner by Mrs. Ruth Ladnerbach on Saturday evening at her home on St. Charles St.

Known for her originality, Mrs. Ladnerbach graced her guests with a Roman supper that would have been an inspiration for hosting on Mt. Olympus.

Huge brass containers held quantities of chrysanthemums varying from gold through bronze to red, and the dining table held an exceptional arrangement of these blooms.

The guests entered the home through what Mrs. Ladnerbach terms her "party pantry." Here they were served canapes and cocktails. The entire home glowed in candlelight.

Supper was served in the dining room, with a Corner Lavabo, banked with grapes, containing white French wine to which the guests served themselves.

The mantle was adorned with a rare antique vase from the Far East, and brass urns and bowls.

Among the fine cuisine served by the hostess, the piece de resistance was a lobster mousse which was jellied in a long bronze mold.

Desserts, coffee and liquors were served from a fireside beach by firelight in the large living room.

About 30 guests were present. Among the out of town guests at the party were Dr. John Nigri and Dr. and Mrs. Ryan Nigri, mayor of New Orleans and Col. and Mrs. W. E. Whitson of Gulf Hills.

STORK SHOWER
Mrs. Howard Simmons and Mrs. Travis Botzman were joint hostesses last Friday evening at the home of Mrs. Simmons on Felicity St., when they entertained at a stork shower complimentary to Mrs. Alton Barber, wife of the assistant county agent for Hancock County.

The party was unusual as it featured a treasure hunt in the house. Clues led the honoree from one spot to another until the "treasure of gifts" for the expected Barber heir was finally discovered in a beautifully decorated bassinet in the bath tub.

The Simmons home was adorned with quantities of roses in attractive arrangements. About 30 guests were present at the shower.

A corsage was presented Mrs. Barber by her hostesses.

SHOWER
Mrs. Bernard Cox and Mrs. Betty de Metz of Pass Christian entertained on Thursday evening at the home of Mrs. Cox on Ne-casse Ave., complimentary to bride-elect Barbara Demoran.

The party was a miscellaneous shower, with about 40 guests present.

The Cox home was prettily decorated with pink and white flower arrangements, and miniature pink umbrellas. A large basket trimmed with pink and white crepe paper held the many attractive and useful gifts received by the honoree.

Miss Demoran also was presented a corsage of pink carnations by her hostesses.

BARBARA DEMORAN BECOMES BRIDE OF ROBERT SYLVESTER

Miss Barbara Ann Demoran, daughter of Mr. and Mrs. Emmett Demoran, became the bride of Robert Sylvester, son of Mrs. Alene Sylvester of Kiln Saturday night.

The wedding was performed in the Church of the Annunciation in Kiln, with Reverend Paul officiating.

The bride was given in marriage by her father. She wore a navy blue suit with white hat and white accessories and a shoulder corsage of tiny white mums. The bride had as her only attendant Miss Betty Lou Raley of Bay St. Louis.

Best man to the bridegroom was Oren Bounds, also of Bay St. Louis.

Immediately following the church service a reception was held in the Youth Center of the Kiln. Pink and white blooms were used in floral decorations with palms and other greenery. Mrs. Demoran and Mrs. Sylvester received the wedding guests. They wore black fall frocks with white trim and shoulder corsages of pink carnations.

Following the reception the young couple left for a brief wedding trip by auto. On their return they will make their home in Bay St. Louis.
